

# Eco-Box\*

the simple and safe solution for the collection  
and disposal of small **hazardous** wastes

Due to recent changes in legislation, many types of waste in the workplace are difficult to dispose of. Everyday items such as batteries, aerosols, light bulbs and adhesives are relatively small in size, but can prove challenging to deal with. These wastes need careful management.

## How can Eco-Box\* help?

Eco-Box\* is a safe and secure storage container and collection service for small quantities of hazardous waste that cannot be thrown away in your general waste bin. Simply fill your Eco-Box\* - an exchangeable and durable plastic container - with your hazardous waste. We then collect, recycle and re-use the contents wherever possible, ensuring that all necessary paperwork is completed correctly on your behalf, helping you to meet your legislative and duty of care requirements.

## What can be stored in the Eco-Box\*?

- \* Flammable solvents (e.g. thinners/ white spirit) in small containers
- \* Empty contaminated containers with residues of oil, paint, solvents, resins, inks, adhesives, detergents
- \* Alkaline batteries
- \* Full or part full paint tins - water, solvent or oil based
- \* Toner cartridges (powder or liquid type)
- \* Printed circuit boards & other electrical equipment
- \* Light bulbs including small fluorescent tubes unbroken
- \* Aerosols (excluding oxidising or corrosive content)
- \* Oil and solvent contaminated rags or granules
- \* Adhesives, resins and inks in small containers
- \* Antifreeze in small containers
- \* Soaps and hand cleaners in sealed containers

Our services are tailored to individual needs. **We can organise convenient collection dates and times and provide a number of boxes at numerous collection points nationwide.** Larger hazardous waste items such as PC monitors, fridges and larger fluorescent tubes can be collected alongside your Eco-Box\* ensuring that all hazardous wastes are handled in a responsible and efficient manner.

Veolia Environmental Services is the United Kingdom's number one waste management company. For more information on how we can help with your hazardous waste requirements and for a **free no obligation consultation**, please contact:
